Student Enrolment Numbers – by Year Level

Year 8

As a new school, Adelaide Botanic High School will have a progressive enrolment process. This process will introduce a year level at the start of each school year (in 2020 the school only operates year 8 to year 10).

The student enrolment ceiling for year 8 in 2020 is limited to **200**, unless there are more applications that have met the enrolment criteria below. If there are more than 200 applications for enrolment that have met the criteria for enrolment below, applicants living in the school zone may be shared with Adelaide High School.

Selective entry Health and Sciences (STEM) pathway

The school's selective entry Health and Sciences (STEM) pathway is limited as follows:

- Maximum of **20** out of zone enrolments at year 8 only.

Selective entry numbers are included in the year 8 enrolment ceiling of **200 students**. Entries to the program are subject to the eligibility requirements published by the school, available from: <https://abhs.sa.edu.au/>

International Education Program

No new international students will be offered enrolment at year 8 at the school during 2020.

Enrolment Criteria – By Year Level

YEAR LEVEL: 8

Applications for enrolment from parents of prospective year 8 students require that the student must be enrolled in a government or non-government school in South Australia at the time the parents apply for enrolment through the Year 7-8 transition process (administered by the Department for Education).

The applicant must meet one of the following requirements to be eligible for a year 8 allocation at Adelaide Botanic High School through the Year 7-8 transition process:

- the child is living in the shared school zone of Adelaide Botanic High School and Adelaide High School
- the child has received and accepted an offer for enrolment by the school to participate in their selective entry Health and Sciences (STEM) pathway
- the child has been offered enrolment on the basis that the child lives in a suburb formerly in the shared school zone of Adelaide Botanic High School and Adelaide High School and has a sibling currently attending the school
- the child identifies as Aboriginal and/or Torres Strait Islander through the Enter for Success program (applications due by the end of term 4)
- the child has been granted enrolment due to special or extenuating circumstances, including but not limited to a child in care where there is a custody or guardianship order made under the *Children and Young People (Safety) Act 2017*.

Applications for year 8 from students living in the shared school zone

Parents of prospective year 8 students living in the shared school zone can nominate their choice of school through the department's Year 7-8 transition process. Places will be offered based on a child's highest choice of school, and availability of places.

If more applications than the enrolment ceiling are received from parents living in the shared school zone, a priority order may be applied to applications and places will be offered based on whether any, all or a combination of the following applies:

- the child currently has a sibling attending the school
- the distance of the child's residence from the school
- other personal needs, such as curriculum (excluding special interest pathways), transportation/location convenience, and social/family links at the school.

Applicants not allocated their first choice of school will be placed on the enrolment register, and will be referred for enrolment to the shared zone school (Adelaide High School).

Applications for year 8 from students living outside the zone with siblings currently at the school

There is no automatic entry for siblings who live outside of the school zone to enrol in year 8 at Adelaide Botanic High School.

Application for year 8 from students living outside the school zone, but in suburbs formerly in the shared school zone of Adelaide Botanic High School and Adelaide High School who have siblings currently at the school will be considered for enrolment if:

- the student has applied through the department's Year 7-8 transition process; and
- the sibling was living in the shared school zone in the suburbs of Clarence Park (west of East Avenue), Black Forest, Glandore, Kurralta Park, Marleston (east of Grove Avenue), Richmond (east of Brooker Terrace), Hilton, Mile End (east of Bagot Avenue and west of South Road) or Torrensville (east of Jervois Street) when they enrolled at the school for 2019; and
- the sibling continues to be enrolled to attend the school in the coming school year; and
- the child is still living in suburbs previously included in the school's shared zone (listed above).

Applications for enrolment for children with siblings at the school that meet the requirements set out above will be considered only until the start of the 2023 school year.

Late applications for Year 8 from students living in the school zone

Families who move into the school zone, or who are already living in the school zone but lodge their application for enrolment after the department's Year 7-8 transition process is completed (end of term 2), will have their applications considered if or when vacancies exist, with priority consideration afforded to those applicants already on the school's enrolment register.

In these cases, applications will be considered based on siblings at the school, the distance of the child's residence from the school and any other personal needs, such as curriculum (excluding special interest programs), transportation/location convenience, and social/family links.

The school will notify parents from week 5, term 4 if a vacancy is available for their child to attend the following school year.

If no vacancies exist, the applicants will be placed on the enrolment register and referred for enrolment to other neighbouring schools.

YEAR LEVEL: 9 -10

Applications for enrolment from parents of prospective students living in the school zone will be considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register.

In these cases, applications will be considered based on siblings at the school, the distance of the child's residence from the school and any other personal needs, such as curriculum, transportation/location convenience, and social/family links.

The school will notify parents from week 5, term 4 if a vacancy is available for their child to attend the following school year.

If no vacancies exist the applicants will be encouraged to remain at their current high school, or referred for enrolment to other neighbouring schools, and upon an applicant's request will be placed on the school's enrolment register.

Out of zone applications with siblings currently at the school

There is no automatic entry for siblings who live outside of the school's shared zone to enrol in year 9 to 10 at Adelaide Botanic High School.

YEAR LEVEL: 11 TO 12

All applications for enrolment for year 11 to 12 will not be accepted for 2020.

The applicant will be encouraged to remain at their current high school or referred to other neighbouring schools.

Enrolment Criteria - General

Transfer of students between schools in the shared school zone

Applications for students living in the shared school zone seeking to transfer from Adelaide High School to Adelaide Botanic High School will only be considered in special circumstances and by agreement between the principals of the schools. These applications will be assessed on a case by case basis.

Special Circumstances

Enrolment applications for special consideration based on compelling or unusual reasons, including but not limited to a child in care where there is a custody or guardianship order made under the *Children and Young People (Safety) Act 2017*, may be granted by the Principal in consultation with the Education Director. These applications will be assessed on a case by case basis.
